BOUNDARY LINE ADJUSTMENT

Type I Application

Process:

(NOTE: Only parcels that are legal lots of record for building sites shall be allowed to complete the BLA process). Once all of the application is deemed complete, the administrator will send the complete application to Public Works and Environmental Health for review. Once the review period is over, the applicant will receive notification if the Boundary Line Adjustment Map is ready for recording or if more information or changes are required.

If the Boundary Line Adjustment is exempt from subdivision regulations per Chapter 58.17 RCW and Title 16 LCC and the adjustment does not create any additional building lot, tract, parcel, building site, or division nor create any building lot, tract, parcel, building site, or division which contains insufficient area and dimensions to meet minimum requirements for a building site, and the adjustment meets all other regulations in the Lewis County Code, and applicable laws, the administrator shall **APPROVE** the application provided that the portion being transferred shall be combined with the Grantee's parcel.

If the proposed property transfer creates an additional building lot, tract, parcel, building site or division or otherwise subject to the requirements of a subdivision, is not in the public interest, or is not consistent with the Lewis County Code or state law as defined under Chapter 58.17 RCW, the Administrator shall **DENY** the application.

Recording of Approved Boundary Line Adjustment Map:

All costs associated with the recording of the final map shall be paid by the applicant. All property taxes and assessments shall be paid in full for the year in which the BLA map is recorded. Within 30 days of the final approval of a proposed boundary line adjustment, the following need to be recorded at the Lewis County Auditor's Office:

- **The final map**
- **New certified legal descriptions of all properties incorporated in the BLA**

Recording a Boundary Line Adjustment (BLA) map and other documents does NOT convey property from the grantor to the grantee, it only shows intent. The actual conveyance must be completed by recording deeds. If you are not familiar with the requirements for preparation of a quit claim, statutory warranty deed, or other legal means of conveyance of title and cannot execute same, you need to consult an attorney in order to make sure title is conveyed to the grantee for your protection and to ensure that title is conveyed. The Community Development Department will not provide deeds or help create deeds to transfer or convey the property.

Mortgage or Lien:

If there is a mortgage or other lien on the title of the land being conveyed, you should contact the lender, mortgage holder, or lien holder regarding their legal rights and approval prior to execution of a BLA. You may wish to contact an attorney regarding the appropriateness of a BLA if you are the grantor and your property is mortgaged.

Special Tax Programs:

If your parcel is in a special tax program such as Open Space Farm and Agricultural Land, Open Space Timber, or Designated Forest Land, or if you are getting a Senior Exemption on your taxes, you are encouraged to discuss any considered boundary line adjustments with the Assessor's Office **BEFORE** making those changes. Boundary line adjustments may involve undesired tax consequences. You may reach the Assessor's Office at (360) 740-1392.
