Tacoma, WA 98404
(253) 531-3121

**FOR FINAL APPROVAL OF BUILDING PERMITS AND OCCUPANCY APPROVAL,
BACTERIOLOGICAL AND NITRATE TESTING IS REQUIRED.**

These tests are separate and require two different bottles. Contact the lab of your choice and follow their instructions to prepare and submit water sample(s) for testing. Once you receive the test results, provide copies to Environmental Services (include applicant's name, permit number, and tax parcel number).
