To: Lewis County Department of Community Development
Subject: Commercial Auction Facility
Ref: Ritchie Brothers Auctioneers

Lewis County Fire District 5 has been contacted by representatives from Ritchie Brothers Auctioneers regarding the potential development of a Regional Auction Facility. The location described in this proposal falls within in our jurisdiction we recognize Fire District 5 will provide the primary response for both EMS and Fire.

Based in the preliminary plan shared with our Chief Eric Linn, we would recommend that Lewis County support this project.

We are confident that District 5 will be able to work with Ritchie Brothers and their representatives to develop a plan and resources to protect the citizens, customers and facility.

We would appreciate being involved at every level of planning and development as this project continues to progress.

Please feel free to contact our Chief any time with information and questions as they arise.

Yours in Fire and Life Safety,
