Tim Elsea, Director of Public Works, stated this project is listed as number 10 on Lewis County's 2012 Six Year Transportation Improvement Program. King Road Rehabilitation, MP 8.414 -10.554, is grant funded (\$1,115,000—CRAB RAP and \$874,000—Lewis County). RAP grant funding guidelines require construction advertisement to commence by April 17, 2012. Resolution 12-095 approved the Call for Bids for the Materiel Purchase of Culvert Pipe for Phase I of the King Road Rehabilitation Project, meeting CRAB guidelines and securing the RAP grant funding. This steel structural plate pipe arch purchase is being pursued to ensure project specific materials are available for Phase II construction scheduled to begin in the summer of 2013. Additionally, culvert plans will provide Lewis County design staff actual footing and culvert dimensions to depict on construction plans (culvert manufacturers produce slightly varying heights, widths and lengths of acceptable products). Sealed bids for the Materiel Purchase of a Steel structural Plate Pipe Arch with Precast Concrete Footings for King Road Rehabilitation Project shall be submitted to the Clerk of the Board of Lewis County Commissioners (351 N.W. North Street, Room 210, CMS-01, Chehalis, Washington 98532), by or before 11:00 A.M. on Tuesday, October 23, 2012 and will be opened on or after 11:30 A.M. on October 23, 2012.

4. Resolution No. 12-312 Approving the acquisition of additional right of way for Wildwood Road.

There was about \$44,000.00 moved forward from the last biennium to the current biennium to cover the installation of that final gauge plus the data that had been collected over the last year of operation. WEST wants to update the inundation maps and that is what this \$10,000.00 will cover.
