Re: Concur with Survey; Archaeological Site 45LE01084 NOT Eligible; Follow IDP

Dear Karen Witherspoon:

The State Historic Preservation Officer (SHPO) and the Department of Archaeology and Historic Preservation (DAHP) has been provided with documentation regarding the above referenced project. In response, we concur with the results and recommendations made in the survey report entitled "Cultural Resource Assessment for the Sunfisher Development Project, Packwood, Lewis County, Washington." During the survey a single historical period site (45LE01084) was located within the project area, but the DAHP has determined the site NOT Eligible for the National Register of Historic Places and therefore no further archaeological work is needed prior to ground disturbing activities. We recommend that a standard Inadvertent Discovery Plan is followed in case eligible historic features, or precontact period (Native American) archaeology is uncovered during project activities.

These comments are based on the information available at the time of this review and on behalf of the SHPO pursuant to Washington State law. Please note that should the project scope of work and/or location change significantly, please contact DAHP for further review.

Thank you for the opportunity to review and comment. Please ensure that the DAHP Project Number (a.k.a. Project Tracking Code) is referenced on any future communications with the DAHP about this project. Should you have any questions, please feel free to contact me.

Sincerely,

A handwritten signature in blue ink, appearing to read "Stephanie Jolivette". The signature is fluid and cursive, with a large, sweeping flourish at the end.

Stephanie Jolivette
