*The Land Capacity Analyses are overdue from the cities to the county. Please provide the draft LCA as soon as possible and come to the meeting prepared to provide an update. This information is critical to both the cities and the county for completing our draft comprehensive plans, which are due by June 30.

**There have been meetings on April 3, Option 3 ILA, and April 16, Option 2, to discuss the details with the cities. At the PGC meeting we will provide a summary of those discussions for the cities that did not participate in both or either.
