Part 6–Project Description

6a. Briefly summarize the overall project. You can provide more detail in 6b. [\[help\]](#)

The structures described in 5a are all existing, however the previous owners received an exemption from the Shoreline Substantial Development Permit for the single-family residence when they built it in 2006, however they noted the A-frame (built in 1967) as a storage building. They did not file for a Shoreline Substantial Development Permit for the A-frame which is what Lewis County is now requiring me to do.

6b. Describe the purpose of the project and why you want or need to perform it. [\[help\]](#)

See description in 6a above. We are required by Lewis County to get this permit so that we can then designate the A-frame as a Detached Bedroom. This will then get us in compliance with the Building Department and with the new County Short Term Rental requirements.

6c. Indicate the project category. (Check all that apply) [\[help\]](#)
