Get the most from your benefits!

Create a MySmile® account

It gives you secure, 24/7 access to your ID card, benefits information, out-of-pocket cost estimates, and more! Our "Find your member ID" tool makes registration easy. Visit DeltaDentalWA.com to create your account.

Choose an in-network dentist

Seeing a non-participating dentist means greater out-of-pocket costs! Your plan gives you access to the PPO Plus Premier® network.

Find an in-network dentist near you:

1. Visit **DeltaDentalWA.com**
2. Click on 'Online Tools' and use our 'Find a Dentist' tool
3. Select 'Delta Dental PPO Plus Premier' to filter your search results

Visiting an Out-of-Network dentist

You may see any licensed dentist, however, unlike our network dentists, we have no control over out-of-network dentists' charges or billing procedures. If you use an out-of-network provider, they are more than likely to charge fees above Delta Dental's allowed amount for out-of-network dentists. You will be responsible for paying the difference between the out-of-network dentist's charge and the allowed amount, on top of your coinsurance, deductible and/or amounts in excess of your annual maximum. You are also responsible for ensuring your dental claims are submitted to Delta Dental of Washington.

Visit your dentist regularly

Your plan covers preventive care visits each year. Regular cleanings and check-ups are essential to keeping your smile healthy and preventing painful, expensive problems down the road.

Get out-of-pocket cost estimates

Knowing your cost upfront helps you and your dentist plan treatments to maximize your benefits.

MySmile Cost Genie℠ gives you instant, cost estimates. It's great for basic treatments like fillings. Simply sign into MySmile account to get your personalized estimate.

When you need extensive treatment, like a crown, ask your dentist for a "Predetermination." You'll get a **Confirmation of Treatment and Cost** from us. It details your dentist's treatment plan, what your benefits cover, and how much you may owe your dentist for the treatment.
