

## Group B Public Water Supply Approval Process

### Applications ◇ Project Design ◇ Submittal ◇ Review ◇ Construction

This packet of materials is not all inclusive of the Group B public water supply development requirements, forms, and applications. It is intended to provide a general outline and basic information for applicants to better understand and address the complexity of developing a reliable and safe public water supply. Additional information is available on the Lewis County website, <http://lewiscountywa.gov/environmental-health/drinking-water-program>, including:

- ◇ Lewis County Group B Water System Design Guidelines and Appendices
- ◇ Lewis County Group B Design Workbook
- ◇ Lewis County Group B Project Approval Application Form
- ◇ Group B Financial Viability Worksheet
- ◇ Group B Construction Completion Report Form
- ◇ Well Site Inspection Application
- ◇ Well Head Protection Inventory
- ◇ Example Sanitary Control Area Covenants and Instructions
- ◇ Lewis County Code 8.55 "Group B Public Water Systems"
- ◇ Additional materials and references to helpful web resources
