

When earthquake shaking begins . . .

Drop, Cover, and Hold

April 21, 2010
9:45 - 10:00 A.M.

NOAA Weather Radios

- Locate your school's NOAA weather radio
- Check/replace the batteries, as needed
- Contact your local emergency management agency and find out who is your primary **Emergency Alert System (EAS)** broadcast station
- Set your NOAA weather radio to the correct frequency
