*Red violations are the ones most likely to cause foodborne illness and must be corrected at the time the Lewis County Public Health inspects the food establishment.

~Blue violations relate to overall cleanliness and operational conditions and must be corrected by established deadlines or by the next routine inspection.

Any establishment receiving 40 red points or any red point item repeated within an 18 month period is considered a high risk and must be reinspected. An establishment that receives 75 red points or 100 total points (red and blue) on a routine inspection or 40 red points on a repeat inspection, will have their food establishment permit suspended.
