

WASHINGTON STATE

Joint Aquatic Resources Permit Application (JARPA) Form^{1,2} [\[help\]](#)

USE BLACK OR BLUE INK TO ENTER ANSWERS IN THE WHITE SPACES BELOW.

US Army Corps
of Engineers®
Seattle District

AGENCY USE ONLY

Date received: _____

Agency reference #: _____

Tax Parcel #(s): _____

Part 1—Project Identification

1. Project Name (A name for your project that you create. Examples: Smith's Dock or Seabrook Lane Development) [\[help\]](#)

Cowlitz Timber Trails Association Shoreline Development

Part 2—Applicant

The person and/or organization responsible for the project. [\[help\]](#)

2a. Name (Last, First, Middle)

Christian, Scott

2b. Organization (If applicable)

Cowlitz Timber Trails Association (CTTA)

2c. Mailing Address (Street or PO Box)

PO Box 89

2d. City, State, Zip

Salkum, WA 98582

2e. Phone (1)

360-985-2788

2f. Phone (2)

360-985-2565

2g. Fax

360-985-7785

2h. E-mail

ctta.gm@gmail.com

¹Additional forms may be required for the following permits:

- If your project may qualify for Department of the Army authorization through a Regional General Permit (RGP), contact the U.S. Army Corps of Engineers for application information (206) 764-3495.
- Not all cities and counties accept the JARPA for their local Shoreline permits. If you need a Shoreline permit, contact the appropriate city or county government to make sure they accept the JARPA.

²To access an online JARPA form with [help] screens, go to

http://www.epermitting.wa.gov/site/alias_resourcecenter/jarpa_jarpa_form/9984/jarpa_form.aspx.

For other help, contact the Governor's Office for Regulatory Innovation and Assistance at (800) 917-0043 or help@oria.wa.gov.

Part 3—Authorized Agent or Contact

Person authorized to represent the applicant about the project. (Note: Authorized agent(s) must sign 11b of this application.) [\[help\]](#)

3a. Name (Last, First, Middle)			
Christian, Scott			
3b. Organization (If applicable)			
Cowlitz Timber Trails Association			
3c. Mailing Address (Street or PO Box)			
PO Box 89			
3d. City, State, Zip			
Salkum, WA 98582			
3e. Phone (1)	3f. Phone (2)	3g. Fax	3h. E-mail
360-985-2788	360-985-2565	360-985-7785	ctta.gm@gmail.com

Part 4—Property Owner(s)

Contact information for people or organizations owning the property(ies) where the project will occur. Consider both **upland and aquatic** ownership because the upland owners may not own the adjacent aquatic land. [\[help\]](#)

- Same as applicant. (Skip to Part 5.)
- Repair or maintenance activities on existing rights-of-way or easements. (Skip to Part 5.)
- There are multiple upland property owners. Complete the section below and fill out [JARPA Attachment A](#) for each additional property owner.
- Your project is on Department of Natural Resources (DNR)-managed aquatic lands. If you don't know, contact the DNR at (360) 902-1100 to determine aquatic land ownership. If yes, complete [JARPA Attachment E](#) to apply for the Aquatic Use Authorization.

4a. Name (Last, First, Middle)			
4b. Organization (If applicable)			
4c. Mailing Address (Street or PO Box)			
4d. City, State, Zip			
4e. Phone (1)	4f. Phone (2)	4g. Fax	4h. E-mail

Part 5–Project Location(s)

Identifying information about the property or properties where the project will occur. [\[help\]](#)

- There are multiple project locations (e.g. linear projects). Complete the section below and use [JARPA Attachment B](#) for each additional project location.

5a. Indicate the type of ownership of the property. (Check all that apply.) [help]			
<input checked="" type="checkbox"/> Private <input type="checkbox"/> Federal <input type="checkbox"/> Publicly owned (state, county, city, special districts like schools, ports, etc.) <input type="checkbox"/> Tribal <input type="checkbox"/> Department of Natural Resources (DNR) – managed aquatic lands (Complete JARPA Attachment E)			
5b. Street Address (Cannot be a PO Box. If there is no address, provide other location information in 5p.) [help]			
1988 Spencer Road			
5c. City, State, Zip (If the project is not in a city or town, provide the name of the nearest city or town.) [help]			
Salkum, WA 98582			
5d. County [help]			
Lewis			
5e. Provide the section, township, and range for the project location. [help]			
¼ Section	Section	Township	Range
	27	12N	01E
5f. Provide the latitude and longitude of the project location. [help]			
<ul style="list-style-type: none"> Example: 47.03922 N lat. / -122.89142 W long. (Use decimal degrees - NAD 83) 			
46°30'8.07"N lat. 122°40'0.86"W long.			
5g. List the tax parcel number(s) for the project location. [help]			
<ul style="list-style-type: none"> The local county assessor's office can provide this information. 			
028140000000, 028128000000, 028127000000, 028126000000, 028127001000, 028074000000, 028072000000, 028070000000, 028071001000			
5h. Contact information for all adjoining property owners. (If you need more space, use JARPA Attachment C.) [help]			
Name	Mailing Address	Tax Parcel # (if known)	
Lewis, Scott B. and Julie A.	12011 NE 47 th Ct.	028086004000	
	Vancouver, WA 98686		
Fried, Chris W. and Gadberry, Marnie	158 Echo Ln.	028088060000	
	Salkum, WA 98582		
Wilkinson, Roger and Karen	PO Box 23	028088066000	
	Salkum, WA 98582-0023		
Wilkinson, Roger K.	PO Box 23	028088008000	
	Salkum, WA 98582-0023		

5i. List all wetlands on or adjacent to the project location. [\[help\]](#)

There are three wetlands identified on the site, near member lots. See Wetland Delineation Report, Appendix B of the Shoreline Conditional Use Permit to Lewis County.

5j. List all waterbodies (other than wetlands) on or adjacent to the project location. [\[help\]](#)

The site is adjacent to the Cowlitz River.

5k. Is any part of the project area within a 100-year floodplain? [\[help\]](#)

Yes No Don't know

5l. Briefly describe the vegetation and habitat conditions on the property. [\[help\]](#)

Upland (i.e., landward of Cowlitz River OHWM) habitat conditions are generally consistent throughout the study area. These areas are composed of a mixed forest, with tree ages estimated to average between 20 and 50 years. The dominant tree species include western red cedar (*Thuja plicata*), western hemlock (*Tsuga heterophylla*), bigleaf maple (*Acer macrophyllum*), and Douglas fir (*Pseudotsuga menziesii*). Tree removal appears to occur periodically, although the study area is largely covered under a dense tree canopy, with some small areas of clearing. Density of understory vegetation within the study area is low because the area has been developed as a private campground. The ground surface primarily consists of paved roadways or gravel campsite lots, which are developed with recreational vehicle covers, gazebos, sheds, and related structures. Some understory vegetation is present, primarily on the margins between the campsite lots.

5m. Describe how the property is currently used. [\[help\]](#)

CTTA is a membership-based private RV campground. There are private paved and graveled roads, two combined restroom and playground areas, and 258 member lots fully or partially within the Shoreline Master Program (SMP) jurisdiction area. Lots vary from undeveloped, but with a cleared area allowing placement of an RV and camping use to developed with an RV, RV cover, storage shed, decks, and fences. No full-time occupancy is allowed. Lots have maximum durations based on site characteristics per the County Health Code.

5n. Describe how the adjacent properties are currently used. [\[help\]](#)

Adjacent properties included forested, undeveloped land, rural residential, and rural agricultural uses.

5o. Describe the structures (above and below ground) on the property, including their purpose(s) and current condition. [\[help\]](#)

The member lots within or partially within the SMP jurisdiction area contain a variety of structures (see Table 1, Appendix C of the SCUP) generally including RV covers, gazebos, decks, storage sheds, and fences. Current conditions varies.

5p. Provide driving directions from the closest highway to the project location, and attach a map. [\[help\]](#)

Turn from Highway 12 onto Fuller Road, continue on Fuller Road turning right onto Spencer, continue on Spencer to 1988 and turn left.

Part 6—Project Description

6a. Briefly summarize the overall project. You can provide more detail in 6b. [\[help\]](#)

To obtain SMP approval and variance approval for existing and limited future development of the RV lots within or partially within SMP jurisdiction.

6b. Describe the purpose of the project and why you want or need to perform it. [\[help\]](#)

CTTA wants to allow members to continue to use and improve the member lots within the SMP jurisdiction as RV camping sites near the Cowlitz River. CTTA is seeking the SCUP and Variance approval to establish the ultimate and maximum amount of development allowed on the lots within the SMP and to obtain agreement with Lewis County and the Washington Department of Ecology that the proposed mitigation and buffer averaging will compensate for existing and future approved development within the SMP buffer area.

6c. Indicate the project category. (Check all that apply) [\[help\]](#)

- Commercial
 Residential
 Institutional
 Transportation
 Recreational
 Maintenance
 Environmental Enhancement

6d. Indicate the major elements of your project. (Check all that apply) [\[help\]](#)

- Other: Campground with small structures and gravel areas accessory to RV camping as proposed in Table 1, Appendix C of the SCUP.

<p>6e. Describe how you plan to construct each project element checked in 6d. Include specific construction methods and equipment to be used. [help]</p> <ul style="list-style-type: none"> Identify where each element will occur in relation to the nearest waterbody. Indicate which activities are within the 100-year floodplain.
<p>Members would build and/or install sheds, RV covers, etc. per the Campground, Recreational & Building Handbook (CRBH) and applicable building codes. Access for all structures would be via existing roadways, no vegetation clearing or tree removal is allowed for the purpose of building/installing structures, and only minimal excavation (such as that needed to place footings) is allowed. Equipment to be used would include standard vehicles.</p>
<p>6f. What are the anticipated start and end dates for project construction? (Month/Year) [help]</p> <ul style="list-style-type: none"> If the project will be constructed in phases or stages, use JARPA Attachment D to list the start and end dates of each phase or stage.
<p>Start Date: <u>2019</u> End Date: <u>Ongoing (see SCUP)</u> <input type="checkbox"/> See JARPA Attachment D</p>
<p>6g. Fair market value of the project, including materials, labor, machine rentals, etc. [help]</p>
<p>Unknown</p>
<p>6h. Will any portion of the project receive federal funding? [help]</p> <ul style="list-style-type: none"> If yes, list each agency providing funds.
<p><input type="checkbox"/> Yes <input checked="" type="checkbox"/> No <input type="checkbox"/> Don't know</p>

Part 7–Wetlands: Impacts and Mitigation

- Check here if there are wetlands or wetland buffers on or adjacent to the project area.
(If there are none, skip to Part 8.) [\[help\]](#)

<p>7a. Describe how the project has been designed to avoid and minimize adverse impacts to wetlands. [help]</p>
<p><input type="checkbox"/> Not applicable</p>
<p>A wetland delineation report was prepared as part of the SCUP application identifying three wetlands present near the SMP jurisdiction area. Two of the wetlands are considered hydrologically connected to the Cowlitz River and thus are considered part of the SMP jurisdiction. The project would occur in areas previously established as developed with roadways and partially developed RV lots. The proposed installation of additional structures accessory to RV camping activities would not encroach further into any wetlands or wetland buffers and the allowed total building square footage and gravel areas has been limited by CTTA to both allow continued use of the lots while retaining the forested nature of the area.</p>
<p>7b. Will the project impact wetlands? [help]</p>
<p><input type="checkbox"/> Yes <input checked="" type="checkbox"/> No <input type="checkbox"/> Don't know</p>
<p>7c. Will the project impact wetland buffers? [help]</p>
<p><input type="checkbox"/> Yes <input type="checkbox"/> No <input checked="" type="checkbox"/> Don't know (Block 12, Lots 68, 69, and 70 are within a buffer, but future development is unknown at this time)</p>

7d. Has a wetland delineation report been prepared? [\[help\]](#)

- If **Yes**, submit the report, including data sheets, with the JARPA package.

Yes No

7e. Have the wetlands been rated using the Western Washington or Eastern Washington Wetland Rating System? [\[help\]](#)

- If **Yes**, submit the wetland rating forms and figures with the JARPA package.

Yes No Don't know

7f. Have you prepared a mitigation plan to compensate for any adverse impacts to wetlands? [\[help\]](#)

- If **Yes**, submit the plan with the JARPA package and answer 7g.
- If **No, or Not applicable**, explain below why a mitigation plan should not be required.

Yes No Don't know

CTTA has designated a potential area for future wetland buffer mitigation at a 1:1.5 mitigation ratio in the event that development is proposed on Block 12, Lots 68, 69, and/or 70. At this time, there is approximately 7,356 square feet of potential future development area on those lots, and when development is actually proposed there CTTA will prepare a full wetland buffer mitigation plan.

A mitigation plan is proposed with the SCUP to compensate for Shoreline Buffer impacts. See Appendix 2 of the SCUP.

7g. Summarize what the mitigation plan is meant to accomplish, and describe how a watershed approach was used to design the plan. [\[help\]](#)

N/A

7h. Use the table below to list the type and rating of each wetland impacted, the extent and duration of the impact, and the type and amount of mitigation proposed. Or if you are submitting a mitigation plan with a similar table, you can state (below) where we can find this information in the plan. [\[help\]](#)

Activity (fill, drain, excavate, flood, etc.)	Wetland Name ¹	Wetland type and rating category ²	Impact area (sq. ft. or Acres)	Duration of impact ³	Proposed mitigation type ⁴	Wetland mitigation area (sq. ft. or acres)
N/A						

¹ If no official name for the wetland exists, create a unique name (such as "Wetland 1"). The name should be consistent with other project documents, such as a wetland delineation report.

² Ecology wetland category based on current Western Washington or Eastern Washington Wetland Rating System. Provide the wetland rating forms with the JARPA package.

³ Indicate the days, months or years the wetland will be measurably impacted by the activity. Enter "permanent" if applicable.

⁴ Creation (C), Re-establishment/Rehabilitation (R), Enhancement (E), Preservation (P), Mitigation Bank/In-lieu fee (B)

Page number(s) for similar information in the mitigation plan, if available: _____
7i. For all filling activities identified in 7h, describe the source and nature of the fill material, the amount in cubic yards that will be used, and how and where it will be placed into the wetland. [help]
N/A
7j. For all excavating activities identified in 7h, describe the excavation method, type and amount of material in cubic yards you will remove, and where the material will be disposed. [help]
N/A

Part 8—Waterbodies (other than wetlands): Impacts and Mitigation

In Part 8, “waterbodies” refers to non-wetland waterbodies. (See Part 7 for information related to wetlands.) [\[help\]](#)

Check here if there are waterbodies on or adjacent to the project area. (If there are none, skip to Part 9.)

8a. Describe how the project is designed to avoid and minimize adverse impacts to the aquatic environment. [help]
<input type="checkbox"/> Not applicable
The Cowlitz River is adjacent to the proposed project. All development would occur at least 15 feet landward of the OHWM, and existing debris and structures (satellite dishes and supports) below the OHWM will be removed. No trees or vegetation would be removed in order to place a new structure, and the total square feet of structures and gravel installation is limited.
8b. Will your project impact a waterbody or the area around a waterbody? [help]
<input checked="" type="checkbox"/> Yes <input type="checkbox"/> No (The project would occur on upland within the SMP jurisdiction)

8c. Have you prepared a mitigation plan to compensate for the project’s adverse impacts to non-wetland waterbodies? [\[help\]](#)

- **If Yes**, submit the plan with the JARPA package and answer 8d.
- **If No, or Not applicable**, explain below why a mitigation plan should not be required.

Yes No Don't know

8d. Summarize what the mitigation plan is meant to accomplish. Describe how a watershed approach was used to design the plan.

- If you already completed 7g you do not need to restate your answer here. [\[help\]](#)

Overall, the proposed restoration will result in a net improvement in shoreline functions by increasing native plant species cover and diversity while decreasing invasive plant cover. The plan would restore a total of 0.91 acres of upland forest habitat and 5.96 acres of riparian wetland habitat along the Cowlitz River. Specific objectives to reach this goal include increasing the cover and diversity of native shrubs in the upland forest and riparian wetland habitat restoration areas and limiting invasive plant cover. See Appendix D of the SCUP.

8e. Summarize impact(s) to each waterbody in the table below. [\[help\]](#)

Activity (clear, dredge, fill, pile drive, etc.)	Waterbody name ¹	Impact location ²	Duration of impact ³	Amount of material (cubic yards) to be placed in or removed from waterbody	Area (sq. ft. or linear ft.) of waterbody directly affected
N/A					

¹ If no official name for the waterbody exists, create a unique name (such as “Stream 1”) The name should be consistent with other documents provided.

² Indicate whether the impact will occur in or adjacent to the waterbody. If adjacent, provide the distance between the impact and the waterbody and indicate whether the impact will occur within the 100-year flood plain.

³ Indicate the days, months or years the waterbody will be measurably impacted by the work. Enter “permanent” if applicable.

8f. For all activities identified in 8e, describe the source and nature of the fill material, amount (in cubic yards) you will use, and how and where it will be placed into the waterbody. [\[help\]](#)

N/A

8g. For all excavating or dredging activities identified in 8e, describe the method for excavating or dredging, type and amount of material you will remove, and where the material will be disposed. [\[help\]](#)

N/A

Part 9—Additional Information

Any additional information you can provide helps the reviewer(s) understand your project. Complete as much of this section as you can. It is ok if you cannot answer a question.

9a. If you have already worked with any government agencies on this project, list them below. [\[help\]](#)

Agency Name	Contact Name	Phone	Most Recent Date of Contact
Lewis County Community Development	Karen Witherspoon	Karen.Witherspoon@lewiscountywa.gov	7/2/2019
Lewis County Building Department	Doyle Sanford	Doyle.sanford@lewiscountywa.gov	7/25/19
Department of Ecology	Zachary Meyer	360-407-6167	7/3/2019
Department of Fish and Wildlife	Scott Brummer	Scott.brummer@dfw.wa.gov	7/3/2019
Department of Natural Resources	Rick Schwartz	360-740-6813	7/3/2019

9b. Are any of the wetlands or waterbodies identified in Part 7 or Part 8 of this JARPA on the Washington Department of Ecology's 303(d) List? [\[help\]](#)

- If **Yes**, list the parameter(s) below.
- If you don't know, use Washington Department of Ecology's Water Quality Assessment tools at: <https://ecology.wa.gov/Water-Shorelines/Water-quality/Water-improvement/Assessment-of-state-waters-303d>.

Yes No

<p>9c. What U.S. Geological Survey Hydrological Unit Code (HUC) is the project in? [help]</p> <ul style="list-style-type: none"> Go to http://cfpub.epa.gov/surf/locate/index.cfm to help identify the HUC.
170800
<p>9d. What Water Resource Inventory Area Number (WRIA #) is the project in? [help]</p> <ul style="list-style-type: none"> Go to https://ecology.wa.gov/Water-Shorelines/Water-supply/Water-availability/Watershed-look-up to find the WRIA #.
WRIA 26
<p>9e. Will the in-water construction work comply with the State of Washington water quality standards for turbidity? [help]</p> <ul style="list-style-type: none"> Go to https://ecology.wa.gov/Water-Shorelines/Water-quality/Freshwater/Surface-water-quality-standards/Criteria for the standards.
<input type="checkbox"/> Yes <input type="checkbox"/> No <input checked="" type="checkbox"/> Not applicable
<p>9f. If the project is within the jurisdiction of the Shoreline Management Act, what is the local shoreline environment designation? [help]</p> <ul style="list-style-type: none"> If you don't know, contact the local planning department. For more information, go to: https://ecology.wa.gov/Water-Shorelines/Shoreline-coastal-management/Shoreline-coastal-planning/Shoreline-laws-rules-and-cases.
<input type="checkbox"/> Urban <input type="checkbox"/> Natural <input type="checkbox"/> Aquatic <input checked="" type="checkbox"/> Conservancy <input type="checkbox"/> Other: _____
<p>9g. What is the Washington Department of Natural Resources Water Type? [help]</p> <ul style="list-style-type: none"> Go to http://www.dnr.wa.gov/forest-practices-water-typing for the Forest Practices Water Typing System.
<input checked="" type="checkbox"/> Shoreline <input type="checkbox"/> Fish <input type="checkbox"/> Non-Fish Perennial <input type="checkbox"/> Non-Fish Seasonal
<p>9h. Will this project be designed to meet the Washington Department of Ecology's most current stormwater manual? [help]</p> <ul style="list-style-type: none"> If No, provide the name of the manual your project is designed to meet.
<input checked="" type="checkbox"/> Yes <input type="checkbox"/> No (as individual development occurs)
Name of manual: _____
<p>9i. Does the project site have known contaminated sediment? [help]</p> <ul style="list-style-type: none"> If Yes, please describe below.
<input type="checkbox"/> Yes <input checked="" type="checkbox"/> No
<p>9j. If you know what the property was used for in the past, describe below. [help]</p>

The site has been in its current use since approximately 1960 and has developed over time since then. Prior to that the site was undeveloped.

9k. Has a cultural resource (archaeological) survey been performed on the project area? [\[help\]](#)

- **If Yes**, attach it to your JARPA package.

Yes No

9l. Name each species listed under the federal Endangered Species Act that occurs in the vicinity of the project area or might be affected by the proposed work. [\[help\]](#)

Federally threatened species listed as potentially occurring within the project vicinity include Golden paintbrush (*Castilleja levisecta*) and Kincaid's lupine (*Lupinus sulphureus ssp. kincaidii*).

Federally threatened species listed as potentially occurring within the project vicinity include marbled murrelet (*Brachyramphus marmoratus*), yellow-billed cuckoo (*Coccyzus americanus*), streaked horned lark (*Eremophila alpestris strigata*), and bull trout (*Salvelinus confluentus*). The proposed endangered gray wolf (*Canis lupus*) and proposed threatened North American wolverine (*Gulo gulo luscus*) are also listed as potentially occurring within the project vicinity. Washington Department of Fish and Wildlife (WDFW) does not identify the site as a priority habitat for any endangered, threatened, or sensitive species.

9m. Name each species or habitat on the Washington Department of Fish and Wildlife's Priority Habitats and Species List that might be affected by the proposed work. [\[help\]](#)

According to WDFW Priority Habitats and Species Report (PHS) data (2019), the Cowlitz River serves as a migration route for fall chum (*Oncorhynchus keta*), coho salmon (*O. kisutch*), rainbow trout (*O. mykiss*), and steelhead (*O. mykiss*). WDFW PHS data also indicate that the upland portion of the study area is located within a northern spotted owl management buffer.

No impacts to these species are anticipated.

Part 10–SEPA Compliance and Permits

Use the resources and checklist below to identify the permits you are applying for.

- Online Project Questionnaire at <http://apps.oria.wa.gov/opas/>.
- Governor's Office for Regulatory Innovation and Assistance at (800) 917-0043 or help@oria.wa.gov.
- For a list of addresses to send your JARPA to, click on [agency addresses for completed JARPA](#).

10a. Compliance with the State Environmental Policy Act (SEPA). (Check all that apply.) [\[help\]](#)

- For more information about SEPA, go to **Error! Hyperlink reference not valid.**<https://ecology.wa.gov/regulations-permits/SEPA-environmental-review>.

A copy of the SEPA determination or letter of exemption is included with this application.

A SEPA determination is pending with Lewis County (lead agency). The expected decision date is TBD.

I am applying for a Fish Habitat Enhancement Exemption. (Check the box below in 10b.) [\[help\]](#)

This project is exempt (choose type of exemption below).

Categorical Exemption. Under what section of the SEPA administrative code (WAC) is it exempt?

Other: _____

SEPA is pre-empted by federal law.

10b. Indicate the permits you are applying for. (Check all that apply.) [\[help\]](#)

LOCAL GOVERNMENT

Local Government Shoreline permits:

- Substantial Development Conditional Use Variance
 Shoreline Exemption Type (explain): _____

Other City/County permits:

- Floodplain Development Permit Critical Areas Ordinance

STATE GOVERNMENT

Washington Department of Fish and Wildlife:

- Hydraulic Project Approval (HPA) Fish Habitat Enhancement Exemption – [Attach Exemption Form](#)

Washington Department of Natural Resources:

- Aquatic Use Authorization
Complete [JARPA Attachment E](#) and submit a check for \$25 payable to the Washington Department of Natural Resources.
Do not send cash.

Washington Department of Ecology:

- Section 401 Water Quality Certification

FEDERAL AND TRIBAL GOVERNMENT

United States Department of the Army (U.S. Army Corps of Engineers):

- Section 404 (discharges into waters of the U.S.) Section 10 (work in navigable waters)

United States Coast Guard:

- General Bridge Act Permit Private Aids to Navigation (for non-bridge projects)

United States Environmental Protection Agency:

- Section 401 Water Quality Certification (discharges into waters of the U.S.) on tribal lands where tribes do not have treatment as a state (TAS)

Tribal Permits: (Check with the tribe to see if there are other tribal permits, e.g., Tribal Environmental Protection Act, Shoreline Permits, Hydraulic Project Permits, or other in addition to CWA Section 401 WQC)

- Section 401 Water Quality Certification (discharges into waters of the U.S.) where the tribe has treatment as a state (TAS).

Part 11—Authorizing Signatures

Signatures are required before submitting the JARPA package. The JARPA package includes the JARPA form, project plans, photos, etc. [\[help\]](#)

11a. Applicant Signature (required) [\[help\]](#)

I certify that to the best of my knowledge and belief, the information provided in this application is true, complete, and accurate. I also certify that I have the authority to carry out the proposed activities, and I agree to start work only after I have received all necessary permits.

I hereby authorize the agent named in Part 3 of this application to act on my behalf in matters related to this application. _____ (initial)

By initialing here, I state that I have the authority to grant access to the property. I also give my consent to the permitting agencies entering the property where the project is located to inspect the project site or any work related to the project. SC (initial)

11c. Property Owner Signature (if not applicant) [\[help\]](#)

Not required if project is on existing rights-of-way or easements (provide copy of easement with JARPA).

I consent to the permitting agencies entering the property where the project is located to inspect the project site or any work. These inspections shall occur at reasonable times and, if practical, with prior notice to the landowner.

Property Owner Printed Name

Property Owner Signature

Date

18 U.S.C §1001 provides that: Whoever, in any manner within the jurisdiction of any department or agency of the United States knowingly falsifies, conceals, or covers up by any trick, scheme, or device a material fact or makes any false, fictitious, or fraudulent statements or representations or makes or uses any false writing or document knowing same to contain any false, fictitious, or fraudulent statement or entry, shall be fined not more than \$10,000 or imprisoned not more than 5 years or both.
